INTERNSHIP OPPORTUNITY

We are pleased to announce that, as a part of APIEL program, Pacific Consultants Co., Ltd. (PC-iGER) and APIEL have agreed on an internship scheme for Environmental Leader Candidates.

1. Job description

Main consulting work of PC-iGER is in the field of climate change. The requirement for intern is the ability to collect scientific/technical data and information related to climate change in Asia, EU, and US by internet surfing. Based on collected data and information, the intern will make a report according to the instruction by the company staff. The student is required to communicate with the company staff in English.

2. Starting date, frequency and duration

Successful candidate will start in November 2010 at the earliest. S/he will be reporting to work twice a week during the internship period. The assignment will expire when the assigned works has been finished. The work engagement period will be within the winter semester 2010, although it is subject to change.

3. Where

Seiseki-sakuragaoka station, Keio line (京王線、聖蹟桜ヶ丘駅)

Sekido 1-7-5, Tama City (東京都多摩市関戸 1-7-5)

4. Competencies and other requirements

- Thai language ability
- English command for business use
- Certain level of knowledge on climate change is essential.

5. Other conditions

- Highly motivated, responsible graduate student
- Having knowledge or experience related with the topic
- Being able to work for the whole assigned period

6. How to apply

To make an application, send an email to apiel_pro@envleader.u-tokyo.ac.jp, stating

your name, affiliation, motivation statement of 350-400 words. Application must be submitted by **Monday, November 15th**.

7. Selection

APIEL will select 1 intern based on screening of the motivation statement essays. Applicants will hear the results from APIEL office via email.

8. Credit

One credit of APIEL field exercise will be given for the completion of the internship program.

Review will be done by PC-iGER and UT faculty members based on the intern's work record and report from the intern.

9. Miscellaneous

- APIEL will not take any responsibility for any disbenefit caused by participation to the internship program.
- Transportation fee will be covered by PC-iGER.
- APIEL recommends those who wish to apply for the internship program speak to their supervisors before sending applications.
